Catarhal Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarhal deafness, and that is by a constitutional remedy. Catarhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 75c.

TREATMENT OF COMMON COLDS

"If all who catch cold could be persuaded to remain in bed for the first twenty-four hours of such an attack" says a well known physician "there would be fewer cases dragging on with distressing symptoms for weeks and often ending in some more serious disease." To make sure of a prompt recovery you should also take Chamberlain's Cough Remedy. Whether sick or well the bowels should move each day.

ABOUT DIGESTION

It is claimed that only half as much food is required when it is thoroughly masticated. Digestion begins in the mouth and a thorough mastication of the food is of the greatest importance. When needed take Chamberlain's Tablets to strengthen the digestion and insure a regular movement of the bowels.

Tired of being tired?

FEW women realize that fatigue, headache, backache and many other ills are often due to faulty posture caused by wearing improper corsets.

The Spencer Abdominal Supporting Corset was first made at the request of physicians for patients who needed a support which would gently but firmly bring the figure back to the normal erect posture. The Spencer Abdominal Supporting Corset corrects faulty posture and gives smart style.

May I explain the Spencer Designing System? Kindly telephone or write for appointment.
